ANNUAL REPORT OF THE MEDICAL OFFICER OF HEALTH FOR THE  
YEAR 1964

To the Chairman and Members of the Council

Mr. Chairman, Mrs. Lewis and Gentlemen,

It is with much pleasure that I present my Annual Report on the health of your district for the year 1964.

The health generally throughout the district has been good, with little notification of infectious disease apart from measles, which was mild and without complications.

The area is becoming increasingly popular with holiday makers and this creates its problems, but fortunately there is little overcrowding.

Housing    The need for special housing for the elderly persists, particularly in the Newport and St. Dogmaels area where there is always a demand, and progress is being made to meet this need.

Recent legislation has increased the work of the Public Health Inspector, but this is all part of the work necessary to see that conditions are suitable for healthy living, which is so vital a part of the work of the Public Health Inspector.

I should like to take this opportunity of thanking the members of the Council and its Officers for their continued courtesy and co-operation, and to include in this my thanks to my clerk for all her help.

I have the honour to be,

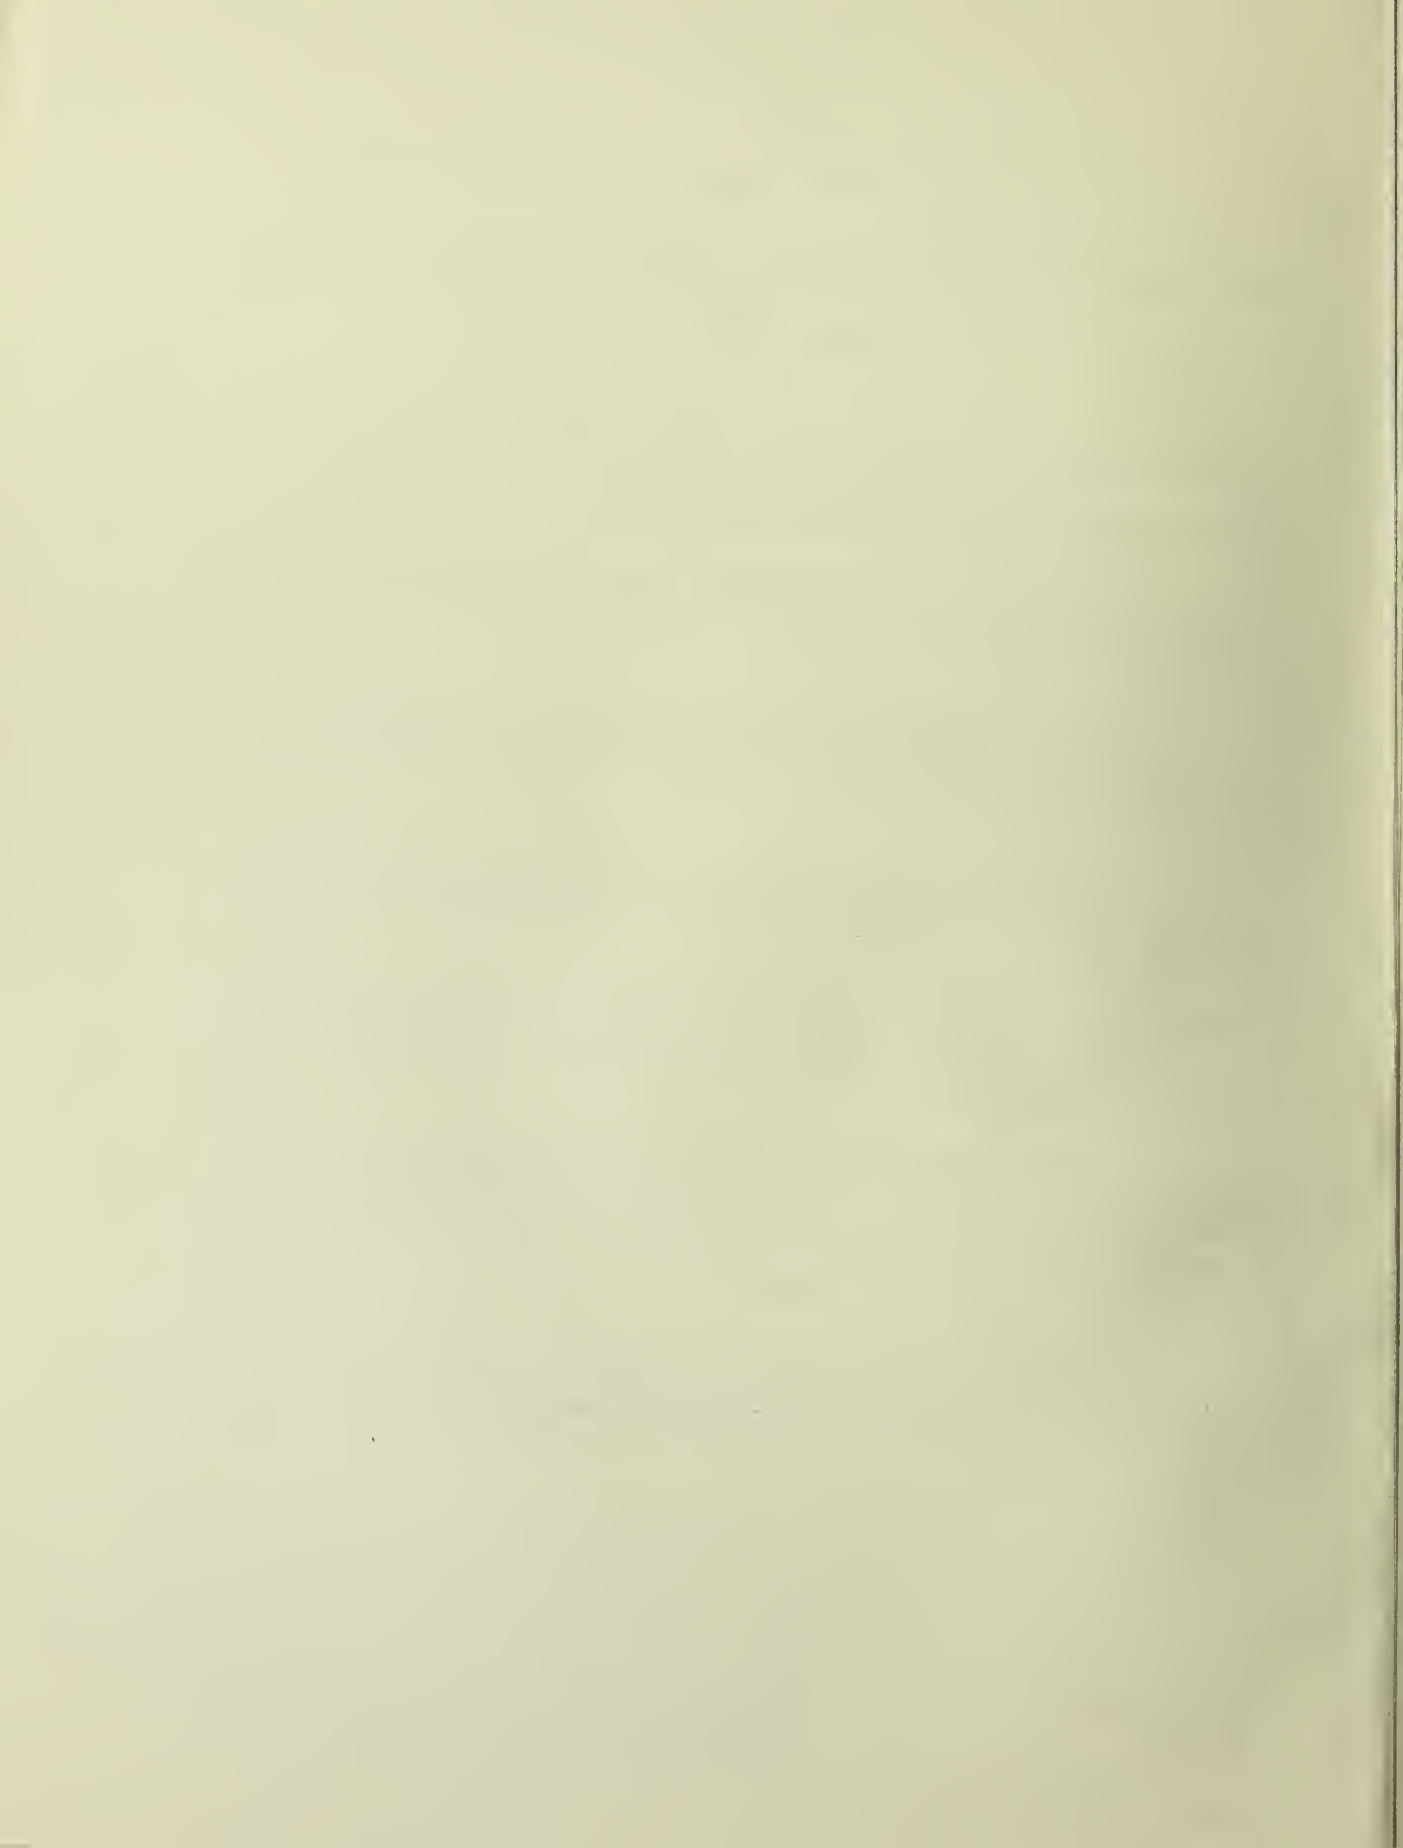

Your obedient servant,

*Phyllis M. Bowen*
